The city jail is a nuisance. When can we afford to build a new one? Circuit Court is moving off more brisk-

The city is quiet. All the thieves have dusted. The confidence men have gone into their holes and pulled the holes in after them. Cause: Myers. He is a pres ence on the police force they do not like.

P. Baugh, boot and shoe maker, in Eighth street, between Commercial Avenue and Ohio Levee, has an established reputation in his trade. He is not inclined to "blow," but confidently asserts that he can make the best boot that is made in Cairo.

The Yearly Festival of the Episcopal Church-the gala day of that religious denomination as well as of the Catholicsis Easter Sunday. The Church of the Redeemer of this city will celebrate it in an appropiate manner, and extensive preparations to that end are now being made. Next Sunday is the day.

To guzzle whisky is bad enough; but what about "gurggling" the beverage? Yesterday one of our printers made Bill Lee "gurggle" Paducah whisky. Now, we hold it to be an undeniable fect, that eith-· Bill or the printer should lose no time in becoming ashamed of himself,

Occasionally a boot and shoe maker is found who is especially good on certain kinds of work, but Baugh is good in all branches of his trade, and challenges competition. He invites a trial, and is willing to guarantee satisfaction. He gives good stock, a splendid fit and workmanship that is par excellence.

Terra Cotta Ware, which Thornton has for sale, is becoming very popular for building purposes. It is not subject to rust from rain, as iron is, nor to rot from exposure, as wood is; it is light, weighing littie more than wood and much less than iron; and, above all, it is very cheap. Go and see the samples now on exhibition at 'thornton's House-Building Depot, Tenth

Do you like fish-nice, fresh, toothsome, most excellent fish? Of course. Almost everybody does. Let us advise you then to go to the corner of Eighth street and Ohio Levee, where Yocum drais in game and fish and milk, and where "Red" Campbell presides and knows how to serve the public, and where fish of all the entable kinds, from the rivers and lakes-lish that every man and woman of ne feeling and good taste should eat

THE Silver Cornet Band, with a band to furnish music for the dencingly disposed, proposes to visit Paducah on Tues, day nest, and have accepted the invitation of the master of the steamer "Jim Fisk" to use his boat for the occasion. The company of other citizens of Cairo will not be objected to by the band, and in all probability, arrangements will be made to procure half-fare tickets for the occasion. A visit to Paducah is not to be sneezed at, and to be appreciated must be experienced. The people of that village, which is rather comely, are quiet and in offensive, with a little too much of the old fogy and considerable of the "southern gentlemen by G-d" air about them, but for all that courteous and hospitable. They have discontinued the practice of wearing "horns." and now take them regularly; and the report that they have tails has no foundation in fact. It is important that our people should become more familiar with the comparatively unknown people of the capital of the Purchase, and we hope therefore that as many as possible may make it convenient to intrade upon their secluded abodes next Tuesday.

DANGER AHEAD.-A single spark may kindles flame that will consume a city and small ailments neglected, may end in fatal disorders. Bearing this fact in mind. let the first symptoms of debility or nervous prostration be met promptly with invigorating treatment. Foremost among the vegetable tonics of the age stands Hostetter's Storageh Bitters, and whenever the vital powers seem to languish, or there is any reason to suspect that the animal functions essential to the sustenstion and purification of the body are imperfectly performed this invaluable inrigorant and antiseptic should at once be resorted to. Indigestion always produces weakness of the bodily powers. Sometimes it happens that the appetite demands more food than the stomach can digest; though not more, perhaps, than is required to keep up the full strength of the frame. The object under such circumstances, is to increase the digestive capacity of the assimilating organ, so as to make it equal to the duty imposed upon it by the appetite, and capable of supplying the alding material of the system as fast as it is required. This object is fully accomplished by the use of the Bitters. They tone and gently stimulate the cellular membrane which secretes the gastric juice, and the result is that the solvent is mingled with the food in sufficient quantity to convert all its nourishing particles into pure and wholesome element. If, on the other hand, there is a deficiency of digertive power, the effect of the tonic is to stimulate a desire for food. In nineteen cases out of twenty, headache, nausen, nervousness, fainting-fits, spasms, and, indeed, most of the casual aches and pains to which humanity is subject, proceeds primarily indigestion complicated with biliousness; and for both these complaints Hostetter's Stomach Bitters are recommended as a speedy and certain remedy. api4d&weodlw

Black and white people, probably in thing she would not fail to be shaved at | the innocent belief that stealing from Alba's berber shop. Commercial Avenue, Thornton is not a crime, are in the habit of making nightly and daily visits to that gentleman's lumber yard for the purpose of picking up and carrying away all the stray boards, and so forth, on which their anocent hands can be laid. To their utter dismay Myers will, with his policemen, make a decent upon them some day soon, and then they will have an opportunity to cultivate the acquaintance of jailor

Good News -The Cairo & Vincennes Railroad will be built in certain contingencies, but the fact is that Elliott & Haythorn are now receiving their spring stock of mens', womens', misses', boys' and childrens' shoes in every style and of all varieties. These goods will be sold at the

lowest cash prices. We ask all of our old and new patrons to call and examine our stock and ascertain our prices, but we wish it to be distinetly understood that we want cash customers. No other kind need apply. The credit system has played out with us, and to avoid mistakes that create ill will and trouble we have concluded to allow no goods to be taken out of the store on trial

uniess they are first paid for. ELLIOTT & HAYTHORN.

TO BUILDERS, AND ALLTHE WORLD BE-SIDE .- W. W. Thornton has this day received samples of Terra Cotta Ware, embracing Chimneys, Chimney Tops, Brackets, Medallions and Tiling, to which be invites the attention of builders and the general public.

Good ADVICE .- Secure the shadow ere the substance fail," is good advice, and those who desire to heed it should lose no time in going to Worthington's gallery and having their pictures taken. Worthington is an artist who throws up the sponge to no other artist, and his work gives general satisfaction. He copies and enlarges old daguerretypes, ambrotypes and photographs, making them look as bright as when fire taken. Children's pictures he makes a specialty, and does such work in the forenoon. The rooms are over Rockweil & Co.'s book store, on Commercial avenue.

CAN YOU BELIEVE IT .- The Excel-ior Manufaturing Company employs so large a force of workmen, that a Charter Oak Stove is made every six niinutes.

And even with this quicke s , the supply is hardly equal to the demand.

STORM SIGNAL STATION.

The San takes all the honor of the Calro storm signal, and has raised a little tempest in the tenpot about it. Now, the fact s, Col. Crebs is the man to whom the credit is due. He came to the conclusion that Cairo should be included in the arrangement for the coming year, and he wrote to Col. Taylor asking him to procure the adoption of a resolution by the Council of Cairo asking for the station. Col. Taylor acted in compliance with this request, and forwarded the resolution adopted to Col Crebs. But the following tells the story War Department—Office of the Chief Of-fleer, Division of Telegrams for the Ben-efit of Commerce,

WASHINGTON, D. C. Mar., 27, 1871. Hon. JOHN M. CREBS, Honse of Representatives, Washington, D. C.—Sir:—In the absence of the Chief Signal Officer, I have the honor to acknowledge the receip of the resolutions of the Cairo City Coun of the resolutions of the Cairo City Council, in reference to the establishment of a Meteorological Station at that point, and to inform you that in accordance with your request, it has been added to the list of stations for the ensuing year, and will be occupied as soon as the necessary telegraphic arrangements can be perfected. Very respectfully, your obedient servant, H. W. HOWGATE,

2d Lieut. and Byt. Capt. U. S. A. A. S. O. and Assistant.

CIRCUIT COURT.

THIRD DAY, APRIL STH. Court convened at 9 A. M. Defaults were taken and the Clerk ordered to seein the following cases: Benjamin Bradley vs. Samuel Hawkins et. al. George T. Wall surviver, &c., vs. John A. Poor. Asst. Steele for the use of Clemson vs. C. V. R. R. Co. Asst. Williams, for the use of Clemson vs. C. & V. R. R. Co. Asst. Echols vs. C. & V. R. R. Co. John Pollock vs. J. D. Anderson et. al., attachment. D. Appleton & Co. vs. H. A. Hannon, Asst. In the case of Alex. H. Irvin vs. William Nightwine, Asst., the case was dismissed at the cost of the plaintiff. The case of the People. &c. vs. Bernard Michaels, charged with larceny, was then taken up, the testimony closed and the case rgued. The regular State's Attorney appeared but did not take part in the prosecution of Michaels. One of the jurors, Mr-Whitaker, was taken suddenly ill, yet the same stream of eloquence, which was flowing from the attorney at the time Mr. W. was thrown into a chill, continued until the brow of the juror was scorehed with

Henry Johnson (colored), charged with burglary and larceny, arraigned and pleaded not guilty. Sam. Brown (negro). pleaded guilty and was by the court sentenced to two years in State's prison, one week of same in solitary confinement.

The case of Michaels occupied the entire day, and resulted in a verdict of guil ty and one year in the State's prison. Mo-

The Grand Jury again appeared and re-turned a true bill against Charles Holly for an assault to murder Mr. Beck, and a true bill against Arthur Boyle, for stealing four hoge of the value of \$100, the property of John Petrey.

THE manufacturing of this country is becoming very interesting, and there is no one who would not like to know how each though there is but few that know much about the manufacturing of different articles, and there are many who might know more about each article they wear if they were a little more inquisitive, and there is no one who is in the manufacturing business that does not take a pride in showing his facilities in his branch of business, and the process by which he carries it on though let it be ever so small.

There are but few know much about the manufacturing of fine jewelry and orasmental goods. We see every day in the Cairo papers of the advantages of Cairo as a manufacturing point, and we think it has got great advantages, but we do not see the advantage of being manufacturers of fine jewelry for two or three years and then surprising our friends by telling them this piece of jewelry was made in Cairo, by Taber Bros., 83 Ohio Levee. They will at any time show their friends their facilities, and they can watch the process by which the rugged rocks and metals are fushioned into the finest ornamental patterns of lewelry.

TABER BROS., 83 Ohio Leves.

PROPLE are often surprised when told that such and such fine articles of jewelry were made in Cairo.

Why should they not be, if the necessary patronage is extended to warrant it? All who are curious in such things, or have doubts in the matter, are invited to experience our facilities and watch the process by which the rugged rocks and metals are fashioned into the most ornamental patterns of jewelry. Cali on us at 88 Ohio Levee and we will soon satisfy you that we can make anything you may TABER BROTHERS.

AN IMPORTANT TRUTH .- The excitement throughout the country, occasioned by the late revolutionary movement in Paris, has at last spread to Cairo, and has been made manifest in the anxiety of every man of good taste to have his boots and shoes made by Ehlers, who is the boot and shoe maker of the city. His shop is on 20th street, wearly opposite the court

FOR SALE .- I will sell my house and lot, situated on Washington avenue, west side, between 4th and 5th streets, Cairo, Ills The house is a two story frame, finished throughout, and contains eight rooms, convaniently arranged. Cistern, outhouse, etc. Tor na casy. JOHN SHLEHAN.

GRAND ENTERTAINMENT AT THE ATHENEUM.

Panta Thaumata Kosmou. We have great pleasure in announcing to our citizens that they are at length to have an entertainment worthy of the taste and intelligence of the public. Prof. Sidney, distinguished as a man of science and letters, assisted by Prof. St. John, of London, direct from the Royal Polytecnic of that city, will offer this evening, for the patronage of our citizens, the most tasteful and elegant exhibition ever seen in this country. We are fully assured from sources of the highest authority that these gentlemen are worthy the patronage and attention of all who can appreciate what is beautiful in art or wonderful in science; and we are specially assured that all our youth, of both sexes, will be highly gratiled with their elegant exhibitions, and that our ladies particularly, and all who can appreciate the wonderful and beautiful in science and art, will probably never again have so fine an opportunity to indulge a taste for the asthetic. The letters shown us give neurance of a rare treat to all classes. We hope the professors may be enabled to form a favorable opinion of the taste of our people.
